Ephesians 3: 17 – 18

And I ask Him that with both feet planted firmly on love, you'll be able to take in with all followers of Jesus the extravagant dimensions of Christ's love. Reach out and experience the breadth! Test it's length! Plumb the depths! Rise to the heights! Live full lives, full in the fullness of God.

- Gather together any building materials you have – jenga bricks / wooden blocks / Lego / Duplo / even cardboard boxes and other junk modelling stuff!

Build the tallest, strongest tower you can. You could make this into a family competition!

As you build talk about the verse.

Why not send in some pictures of your towers to Sarah on sarah.covingotn@kpc.org.uk

- Read the Ephesians verse mentioned above a couple of times before going for a walk. As you walk make a point of looking out for the ways in which your surroundings speak to you in terms of the verse you have read. How does what you see around you remind you of the breadth, length, depth and height of Christ's love?

Is there anything stronger than God's love? Not even death?
